

Feedback on intake form:

Standard timing - Add “we can get to most onsite consultations within 48 hours”

The screenshot shows a four-step progress bar at the top: 1 Tell us (active), 2 Details, 3 You, and 4 Finish. Below the progress bar, the heading 'Choose your timing' is followed by the question 'How quickly do you need this done?'. A subtext explains that upgrading to 'Priority Service' offers fast same-day handling, while otherwise, the standard consultation will proceed. Two options are presented: 'Yes — make it priority' (marked 'URGENT') and 'Standard timing is fine'. The 'Yes' option details a 2-hour on-site service with a \$399 price and a \$199 rebate. The 'Standard timing is fine' option includes a yellow highlight and a text box for a note. A 'Back' button is at the bottom left. Footer text provides business hours and emergency instructions.

Choose your timing

How quickly do you need this done?

We can upgrade your request to **Priority Service** for fast same-day handling. Otherwise we'll proceed with the consultation we just routed you to.

Yes — make it priority URGENT

A professional on-site within 2 hours during business hours.

- Up to 1 hour of on-site labor
- Materials for one standard board-up
- Cleanup of broken glass and debris

\$399 \$199 rebate if you proceed with the repair

Window Replacement 1-2 Frames

**Perhaps we change it to “Full Window Replacement”?

Verbiage - This is too ambiguous. We need to change it to something like, replacement 1-2 brand new windows (including frames and glass).

Tell us what's going on

Be as specific as you can — it helps us route the right person.

Where is the issue?

e.g. bedroom right sash, front entrance door

Tell us more

Describe the frames and what condition they're in.

Add “unsure” option for ladder access... Can they upload a picture from the exterior?

Ladder access

Will a ladder be needed to reach the work area?

No

I don't think these need to be required. Perhaps a nudge saying, "The more information the better" or "Pictures and information help us service you more quickly." I don't know.

Preferred appointment window

Mornings, afternoons after 2pm, weekends...

Anything else our team should know?

Tenant/landlord approval, hours of access, contact preference...

This could be a dropdown with arrival windows, which would narrow things down even more.
